# Past Simple Continuous

## Past Continuous

We use the past continuous to talk about progressive actions in the past. This means, actions that take place over a period of time in the past.

We build the Past Continuous with the verb To Be in the past (was/were) and the main verb in gerund, which is the -ing form.

### – Affirmative

Subject + was/were + **verb-ing**

### – Negative

Subject + was not (wasn't) / were not (weren't) + **verb -ing**

### – Question

Was / Were + Subject + **verb -ing** ?

## Past Simple and Past Continuous

We are expressing that the action in the past simple took place in the middle of the action in the past continuous, when it was still happening.

**“Sarah was taking a shower when her mother arrived.”**

In this sentence Sarah started taking a shower before her mother arrived and, when she arrived, Sarah was still in the shower.

**– Other examples are:**

Were you watching a film when I called?

She wasn't studying when her father entered the room.
