1. You will hear a girl named Susan talking about his trip to Iceland last winter. Listen carefully and pay attention to the dates, numbers, and past events.

"Last winter, on December 28th, 2022, I went to Iceland with my parents. It was my first time seeing snow, and it was magical! We stayed for 7 days and did so many exciting things.

Our plane landed at Keflavik Airport at 8:15 AM. It was freezing, -5°C! We rented a car and drove to our hotel in Reykjavik. The car cost €65 per day, but it was worth it.

The following day, we visited the Blue Lagoon. The water was 38°C, and it was so relaxing! In the afternoon, we saw the Northern Lights. They were green and danced in the sky! My dad took over 100 photos.

On January 1st, we drove to Gullfoss Waterfall. The ice made it look like a frozen castle! Our guide told us the waterfall is 32 meters tall. After that, we ate hot soup in a café. It cost €12, but warmed us up!

The most exciting day was when we rode Icelandic horses. They are smaller than normal horses and very friendly. My horse's name was Star, and the ride lasted 2 hours.

We flew home a few days ago, and I miss Iceland because it was the most amazing place I have ever visited!"
